

# Lean

Lean takes its inspiration from 1950s Scandinavian design. The series is the creation of Jenny Bäck and combines sleek, slender lines with the slightly more industrial expressions of untreated brass, rubber tubing and a boldly formed foot. With its mix of grace and rugged good looks Lean adds personality to public spaces and domestic settings alike.

WHITE STRUCTURE RAL9016/ ROUGH BRASS

BLACK STRUCTURE RAL9005/ ROUGH BRASS

# Specification

## TECHNICAL SPECIFICATION

Design	Jenny Bäck
Electrical data	Class II IP20 230V
