

Star I – 36397

Star is a modern classic among lamps – the perfect representative for designer Jonas Bohlin’s maxim, “function, innovation and personality”. Star works equally well as a single source of light or as part of a larger constellation arranged in straight lines or circles.

Specification

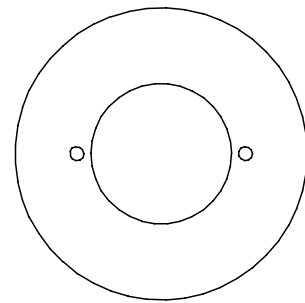

TECHNICAL SPECIFICATION

Design	Jonas Bohlin
Electrical data	Class I IP20 230V (hard-wired) Class II IP20 230V (cord)
Description	No switch when hard-wired
Connection	3 m textile cord with dimmer and plug or terminal block 3x2.5 mm ² with option for further extensions
Mounting	Cord or hard-wired
Light source	1x5W E14 LED
Weight	1 kg
Volume	0,01 m ³
Care	Download Care Instructions
Recycling	Download Recycling Manual
