

Virvel

The idea behind Virvel was to use a circular piece of paper and fold it into interesting shapes for a shade. Ingegerd Råman has made a smart, simple and environmentally friendly design.

Specification

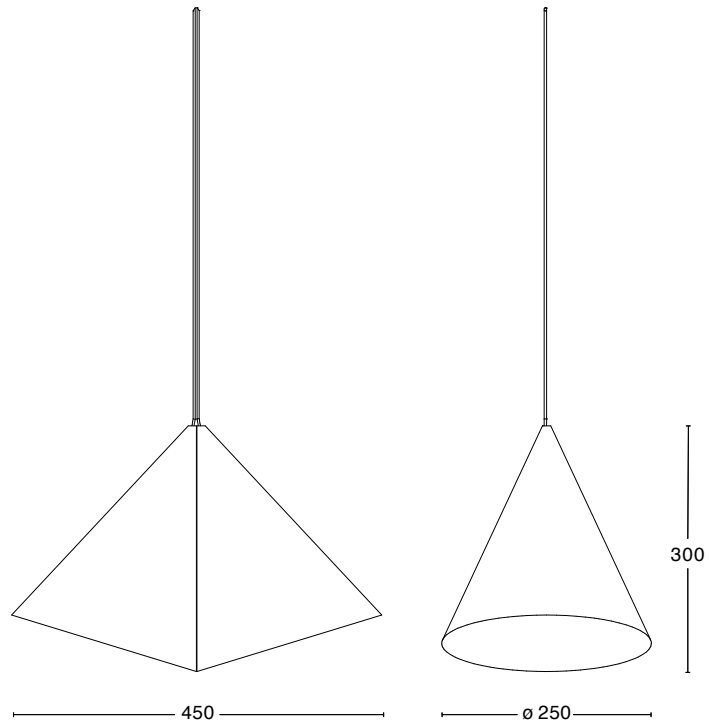

TECHNICAL SPECIFICATION

Design	Ingegerd Råman
Electrical data	230-240V CL1, IP20
Description	Handmade paper
Light source	Max 1x5,3W LED alt. 2x5,3W LED, E14, dimmable, 2700K

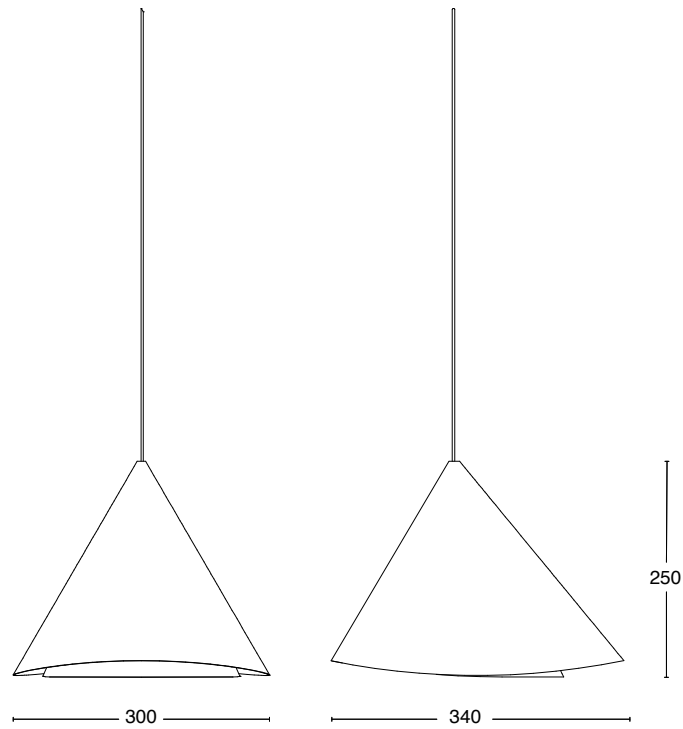

ARTICLE NO. & MODEL

35867	Double: Double, white paper
35866	Single: Single, white papper
